AUTISM SUPPORT by

voyagecare 

23 Cecil Road

23 Cecil Road is a National Autistic Society (NAS) accredited **residential care home**, located in the peaceful village of Dronfield, Derbyshire. Here, we provide support **for up to six adults** with autism, moderate learning disabilities, Tourette's syndrome and associated challenging behaviours.

Our Victorian-built home has six double bedrooms, each with en-suite bathrooms. Our residents share communal areas including two large lounge-diners and a locked kitchen.

There is a **spacious garden** at the back of home with a patio area, where we hold our popular garden parties.

Based in Dronfield, the service is within walking distance of local shops and public transport links. A short walk away, there is the local bus stop and a train station where our residents can travel into Chesterfield or Sheffield, which is **ideal for those considering further education opportunities**.

A place to call home

We currently have **two vacancies at our home**, with a third upcoming in the next few months. Both vacancies are on the first-floor. Those looking to move in will need to be **fully mobile** to access the first-floor rooms using the staircase.

These vacancies are ideal for individuals, aged 18+ who would enjoy living in a **lively home**, where they can develop their living skills in preparation for further independence in other settings.

Our residents enjoy visiting local attractions such as nearby shops and cafes, and the home is close to **Cliffe Park** and **Graves Farm Park**.

We love to be active in the community and enjoy day trips to crazy golf, swimming, theme parks and much more!
