Prader-Willi syndrome support by
voyagecare

Mason House

Mason House is a **new residential care home**, opening in spring 2023. This service will provide specialist support to meet the needs of people living with **Prader-Willi syndrome**.

Although there is no cure for Prader-Willi syndrome, our goal is to help people **lead a healthy, fulfilling life** with support from people who understand the condition.

Within the main home, Mason house can support up to six adults, plus there's **two external flats** - perfect for those looking for more independent living.

Located in Retford, Nottingham, Mason House is **surrounded by countryside** but also conveniently close to the town centre, where you can find a range of **shops and a cinema**.

A place to call home

Alongside our **six en-suite bedrooms**, there's lots of communal areas within this home, including a spacious lounge, kitchen, dining room and conservatory.

We have a **large garden** which is perfect for getting active and playing games outdoors.

There's also an **allotment plot**, ideal for planting fruit and vegetables - our way of **encouraging a healthy lifestyle** for the people we support.

"Mason House will be a safe and positive environment, where we aim to deliver the same success as two of our existing Prader-Willi syndrome services, which have been rated Outstanding by the Care Quality Commission (CQC)."

**- Alex Murphy,
Service Manager**

Your needs at the centre of all we do

Whether you need support for a few hours or around the clock, our support teams enable you to live a more independent life.

Your choice, you're in control

– We tailor your support around your needs and choices. You can rely on us for safe, flexible and personalised support.

Support to live your life – We offer high quality, bespoke support and enable you to enjoy everyday life.

Your independence – Through careful planning and reviews, we'll provide 'just enough' support, putting you at the centre of all decision making.

Use of technology – Where relevant, we work with you to identify assistive technology to enhance your support, reduce support hours and progress towards greater independence.

Commitment to quality

As part of our dedication to providing tailored care for each person, we deliver **Prader-Willi syndrome specific support**. This specialist approach is led by our Prader-Willi syndrome professionals group, who drive continuous staff improvement.

Our staff work to the **highest standards of best practice**, recognising that every person with the condition has their own unique qualities, interests and challenges. This is supported by specific Prader-Willi syndrome training.
