

Glasshouse Hill

Ripley, Derbyshire

About our home

Located in Derbyshire, Glasshouse Hill is a **Headway 'Approved Provider' home** offering specialist support for those with an acquired brain injury, physical disabilities, and nursing care needs delegable to non clinical staff. Our home also has oversight from dedicated **Clinical Nurse Managers**.

Our fully accessible home features **eight bedrooms** for residential support and **three self-contained flats** for those looking for a little more independence.

We have plenty of space for **socialising and connecting** with housemates, including:

- ✓ a spacious garden for enjoying outdoor activities
- ✓ a training kitchen to develop menu planning and food preparation skills
- ✓ a therapy room for tailored therapy sessions with clinicians

We're conveniently located near to a wide range of educational and leisure facilities, including colleges, shops, bowling alleys, an ice skating rink, and sports centres. We also have excellent public transport links, keeping you well connected with the wider area.

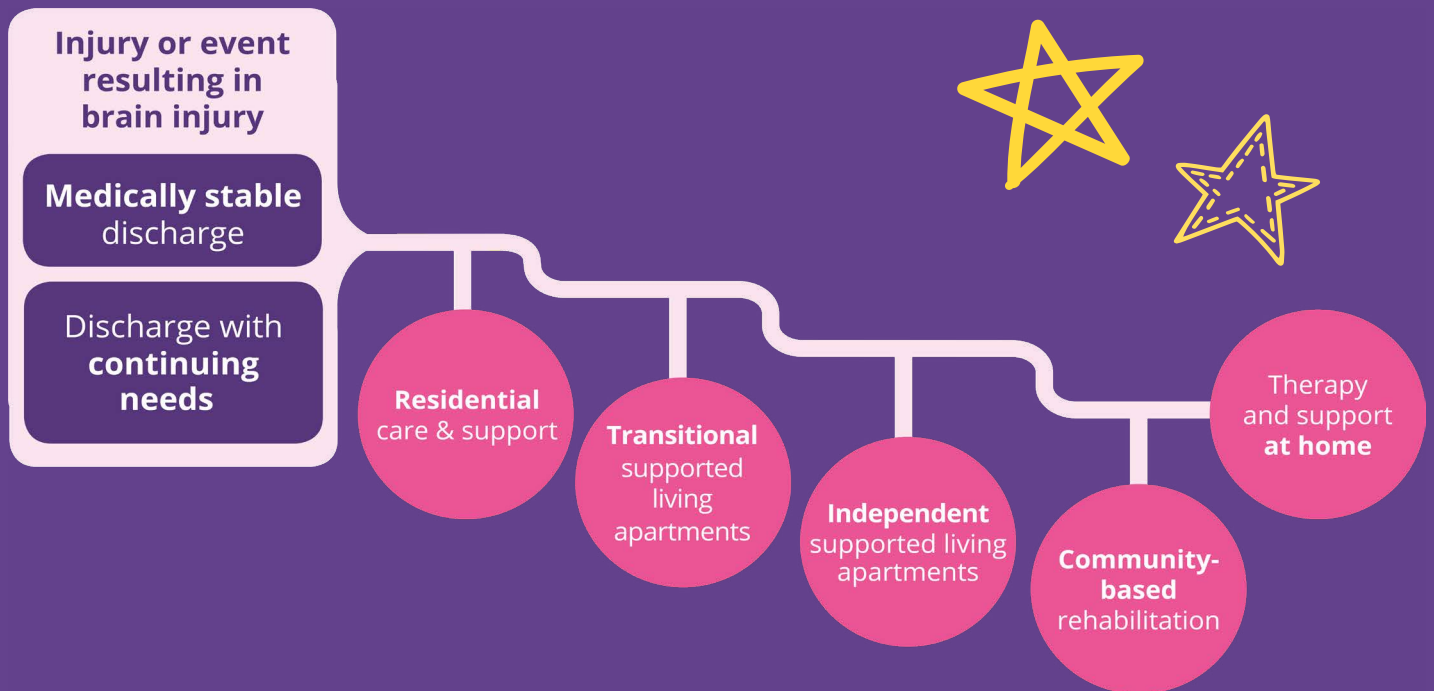

Our pathway

For those recovering from an acquired brain injury, we tailor our support to **meet your needs and goals**. Through **innovative person-centred support**, we identify areas for developing your abilities, increasing your confidence, and making **positive steps towards independent living**.

We focus on rehabilitation potential and design functional support that enhances your skills and nurtures meaningful connections within the community.

Together, **we co-create care plans** reflecting what's important to you, ensuring we **support you to achieve your aspirations**.

Our goal is to **support you to regain lost skills**, reclaim your independence, and **establish a meaningful future**.

Promoting wellbeing

Each day is centred around **fun activities**, so you can develop and practice your skills in everyday situations at home or in the community.

We ensure activities are **bespoke to your individual interests**, preferences, needs, and values. Working with you, we source meaningful opportunities that support your goals and **promote quality of life**.

If you need active brain injury rehabilitation, through our **person-centred approach** we work with experienced therapists who understand the challenges you may face and tailor support around your individual needs, strengths, and personal goals.

Our home is thoughtfully designed to help you live as independently and comfortably as possible, offering safe and supportive spaces where you can relearn skills, build confidence, and **establish meaningful daily routines.**

Our expertise

Compassionate team

Diverse, skilled teams united by empathy and a commitment to improving lives.

Positive environment

Supportive, homely atmospheres where people feel safe, valued, and respected.

Active rehabilitation

Skills and cognitions are deeply embedded through meaningful daily activities, resulting in positive outcomes.

Integrated therapy
