The Granary

At The Granary, our specialist team are experienced in supporting a range of needs and conditions, including **learning disabilities, Down's syndrome, and autism.**

Our 12-bedroom home is set across three buildings. The main house has six large individual bedrooms and benefits from **communal areas**, including a large lounge, dining room, quiet area, assisted bathing facilities and a training kitchen. All our bedrooms are located on our first floor and upper levels and are accessed via stairs.

Our other two buildings offer **more independent living** but still benefit from residential support. Located within the same grounds, they have their own bedrooms, kitchen and lounge, and share communal facilities with the main house.

A place to call home

Based in the rural village of Driffield, there are convenient amenities located nearby, including local shops, pubs, a health centre and pharmacies. Situated along a coastal route, we have easy access to **many beautiful walking routes** and our own vehicle for taking exciting trips further afield.

We've nurtured a **homely, sociable environment** where our housemates experience positive interactions with each other and our team. We encourage everyone to pursue interests that are meaningful to them, including leisure activities, social occasions, and education opportunities. We have an activities room where the people we support can take part in arts and crafts, bingo sessions, karaoke evenings, and various activities of their choice.

Quality Care & support!

We're committed to providing **high-quality, person-centred care and support.**

Our highly trained, specialist teams work with you to co-create personalised support plans focusing on your interests, priorities and skills. You can rest assured your needs are at the centre of all we do.
