

Community support

We can support you in your own home as well as to access a range of activities in your local community. Our specialist community support is flexible and personalised to your needs — You choose what you want to do and when you want to do it. We're here to support all your personal, social, leisure, educational, employment and cultural needs.

Together with you, we will create a personalised support plan that sets out your needs and aspirations. This could include what support you need to look after yourself and your home, to take part in hobbies and activities or to access education and employment opportunities. We regularly review your support and activity plans to ensure you are happy and receiving the right support.

"The support is flexible and is totally tailored around me, I feel the staff have nurtured me, I've really come out my shell and would never have believed years ago what I'm doing now and what I've achieved."
